

# SHADOWBOX SPIRIT FIGURE

Creative Directions  
COUNSELING & CONSULTING

Presented by Connie and Dennis Brady

## UNLEASH YOUR CREATIVITY WITH GOURDS!

Create a unique piece of meaningful art using a gourd shard with a scroll containing your private message and embedding a small personal item. Your art will be beautifully displayed in a 5x7in. wood and glass shadowbox, making a fantastic display for your home or a gift for a friend. Art may be a token to support a friend who is going through difficulty or to memorialize a loved one.

# About Us

Hi there! We're Dennis and Connie Brady, and we're thrilled to share our love of gourd art with you! We're educators and gourd artists from western Colorado, and we enjoy teaching in our local area and traveling all over the western states to teach workshops. Connie is also a licensed professional mental health counselor and loves to incorporate expressive arts into her therapeutic practice.

## About Our Workshops

We used to sell our gourd art at juried art shows, but we've found that teaching others to create their gourd art is much more fun! At the Creative Directions art workshops, we'll be presenting classes with our original designs, including Shadowbox Spirit Figure, Zendoodled Feathers, and other gourd art workshops over the next few months.

We team-teach to make sure everyone feels comfortable and supported, and our classes are designed for gourd enthusiasts of all levels of experience. We can't wait to meet you and help you create your beautiful gourd art!
